

3 TEETH OPTIONS - 100mm TO 350mm WIDE

## Earth Chain

Earth Tooth on every Second Station

Best for soft clean ground with no floaters or tree roots

## Combo Chain

Combination of Diggatac Carbine Teeth and Earth Teeth

Suitable for most applications. Cuts through hard soils, roots, soft shale & rocky ground.

## Diggatac Chain

100% Diggatac Carbine Tooth

Best for hard shale, asphalt and frozen ground.
